*WDDA Meeting at 5:30pm:

REMINDER:

Please do not park on the streets when there is a forecast for snow. It makes it easier for the DPW to get the roads clear if they do not have to work around parked vehicles.

The Village office and DPW will be closed on Monday, February 20, 2023, in observance of Presidents Day.

Spotlight

The Village wants to thank everyone who has kept their sidewalks clear, (residents, businesses, etc.), during the snow storms that came through. It makes it easier for the residents that are disabled, and those who rely on clear sidewalks to stay safe during this time of year.

Please see the back of the newsletter for the snow removal ordinance.

With colder temperatures comes the risk of frozen pipes. An eighth-inch crack in a pipe can leak up to 2580 gallons of water a day. Both plastic and copper pipes may burst, causing property damage. Here are a few tips that may help to prevent your pipes from freezing:

- Insulate pipes in crawl spaces and attics.
- Use heat tape or thermostatically-controlled heat cables to wrap pipes.
- Seal leaks that allow cold air inside.
- Disconnect garden hoses and if practical, use an indoor valve to shut off and drain water leading to outside faucets.
- Open cabinets to allow heat to reach uninsulated pipes under sinks and appliances near exterior walls.
