*WDDA Meeting at 5:30pm:

REMINDER:

Please be neighborly by keeping your residential and business sidewalks clear and salted. We have some residents who rely on clear sidewalks so they can get around town. It is also dangerous for the children who have to walk to school. See Village ordinance on the back side of the newsletter.

Upcoming Closing

The Village office and DPW will be closed Monday February 19th 2024 in observance of Presidents Day. Hope you all have a wonderful and safe Holiday weekend.

ATTENTION:

To keep our streets safe for the winter season please do not park on the streets when we have snow and ice events. This will help the DPW with the plowing of our streets.

With colder temperatures comes the risk of frozen pipes. An eighth-inch crack in a pipe can leak up to 2580 gallons of water a day. Both plastic and copper pipes may burst, causing property damage. Here are a few tips that may help to prevent your pipes from freezing:

- Insulate pipes in crawl spaces and attics.
- Use heat tape or thermostatically-controlled heat cables to wrap pipes.
- Seal leaks that allow cold air inside.
- Disconnect garden hoses and if practical, use an indoor valve to shut off and drain water leading to outside faucets.
- Open cabinets to allow heat to reach uninsulated pipes under sinks and appliances near exterior walls.

Don't go bacon my
heart.
