Consent Agenda

Motion by Stanfield, second by Schoenborn to approve the consent agenda as presented. Ayes: McEwan, Schoenborn, Stanfield, Walter, Schulte. All Ayes. Motion carried.

REPORTS:

1. **Attorney Report – Scott Gould-** None
2. **Engineer Report – Bruce Wallace –** It was reported that the water main has been installed and is currently undergoing testing. During the work, it was identified that an Ingham County storm drain is located at the northeast corner of Grand and Main, and that a fiber line had been drilled through the storm sewer. It was noted that responsibility for the damage is expected to fall on the fiber company. It was further reported that two fiber lines were not marked through MISS DIG; one line has been replaced for the library, and the second line remains to be addressed.
3. **Advocate Report – Lana Stanfield-** The picnic is moving along and running smoothly.

Livingston County Building Department Services

A representative from the Livingston County Building Department provided an overview of services, including next-day inspections and coordination with contractors. It was noted that the department serves multiple communities, including Fowlerville and Williamston, and operates as a full-time department within most of Livingston County. The department does not provide zoning services, which may be handled separately by other entities. Discussion included the potential for Livingston County to assume building department services, while McKenna would continue to provide zoning, rental inspections, and planning services. It was noted that fees are structured to cover costs and have been adjusted over time. The department indicated that any agreement would require approval by the Livingston County Board, with potential consideration in May and possible implementation in mid-June.
